

Project 2025 is a transition blueprint that outlines a plan to consolidate power in the executive branch, dismantle federal agencies, and recruit and vet government employees. The project's takeaways include:

- Criminalizing pornography
- Removing protections against discrimination based on sexual or gender identity
- Terminating diversity, equity, and inclusion (DEI) programs, as well as affirmative action
- Withdrawing from the World Bank and the International Monetary Fund (IMF)
- Terminating the United States' financial contribution to both institutions
- Christian nationalism
- Invoking the Insurrection Act to suppress protests
- Reversing FDA approval of "chemical abortion drugs" such as mifepristone
- Defunding Planned Parenthood
